

Your virtual team saves time and frees up resources

Free up your valuable time by delegating Risk Wizard tasks to 'Your Virtual Team' - an online expert team ready to help with reporting, data management, knowledge transfer and much more.

simple . streamlined . secure

your
VIRTUAL
team

Helping your business move forward.

Build a better process with your virtual team

For many businesses, increased workloads, time pressures and lack of resources are major barriers to operating Risk Wizard software as desired.

Delegating a range of regular and ad hoc tasks to Risk Wizard's online team can overcome these barriers and improve data management processes and reporting.

'Your Virtual Team' service packages are tailored to suit and can be ad hoc or regular monthly services.

'Your Virtual Team' benefits

- ✓ improved quality, reliability and timeliness of information
- ✓ internal resources can be allocated more important tasks
- ✓ process efficiencies gained through better use of software
- ✓ guaranteed continuity of information management service
- ✓ external team independent of internal operations/priorities
- ✓ momentum of risk management process can be maintained

Trusted online services

Only Risk Wizard permanent staff with proven experience can provide 'Your Virtual Team' online services.

Dedicated team members ensure you receive the highest level of service continuity from people you can trust.
